

# What Others Are Saying About The Typing Bug ...

Deneen has been my virtual assistant since July of 2009. She has such a keen eye for detail and never hesitates to go above and beyond to help get a project completed on time. She has taken the time to learn about my business and always makes sure that it is being represented in the best light. She is a self starter and extremely capable of any assignment you give her. What I love most about Deneen is we are now at a point where she knows what I expect and I do not have to spend any time giving her direction; she already knows which way to go. I love working with her and truly wish I could afford to pay her enough so she did not have to work with other clients. I really hate the thought of having to share her talents with others.

You have so much useful info on your newsletter! Oh man, I may never get anything done now ... so many great links and the Giveaway of the Day ... Love It !!!

Marie Fitzgibbons – Deadline Met VA Services

Deneen has saved me countless hours of frustration with her suggestions and encouragement. Her friendliness and willingness to help at the drop of a hat kept me going as a new virtual assistant, when one day without her clues would have let me give up. I highly recommend her as a mentor!

Delores Abrams – Delegate It VA Services

Deneen Wilson is an excellent Virtual Assistant. She has been an invaluable asset to me through her mentoring program for new Virtual Assistants. She has shown me new techniques in many areas that are useful to me in serving my clients. Deneen has helped me to improve my communication skills and to expand my services to new products. Her talents and skills are exceptional.

Anita Hicks – Virtual Assistance by Anita

I was looking for a VA coach whom I can confide and ask advice from and when you said you are offering a free mentoring program, I immediately grabbed the opportunity. It was an honor to work with a respected VA like you're your mentoring program has helped me and my VA business improve. I have acquired new clients and retained clients because of your tips and advice. I would highly recommend this program to other VA's.

I just had to tell my friends about a local lady, Deneen Wilson, who saved me about \$600 this month because she helped me do some business related secretarial work, so I was able to concentrate on my taxidermy and produce that amount in income. She is very skilled at all sorts of office work, and she is a part-time virtual assistant, meaning that she can assist you in various ways by doing things that often take up a lot of your time which would ordinarily be used in the taxidermy shop. She is lightning fast, and her prices are very reasonable. Please take a moment and look at her website. Perhaps you could use her services in some way and be freed up to make more money.
